

What Is Eustis Main Street, Inc.?

Eustis Main Street is a 501(c)3 organization that has encouraged and participated in the revitalization of the historic downtown of Eustis and its lake front since 1993. Supported by both the public and private sectors, Eustis Main Street uses the successful “**4 Point Approach to Downtown Revitalization**” model established by the National Main Street organization. Used in over 1600 communities nationwide, this proven strategy attacks issues from each of the different points at the same time.

Eustis Main Street maintains its National Accreditation and achieves its goals through fulltime professional management and scores of volunteers. These volunteers serve as Board of Directors, committee members, and others who work to make a difference in their community.

Currently, Eustis Main Street produces about 30 downtown promotional events per year. We work with the City of Eustis to promote economic development and an improved appearance for downtown. We work with the downtown Arts and Culture organizations to promote Eustis as an “Arts Community”. We continue to maintain excellent business working relationships with other downtown organizations and stakeholders.
